Title : Certified Pega Business Architect (CPBA) 73V1

Vendor : Pegasystems

Version : DEMO

NO.1 As part of a purchase order case, after someone completes a purchase, a confirmation email is sent.

How do you design the case life cycle to send the email?

- A. As part of the case configuration
- B. As part of the stage configuration
- C. As a separate process step
- D. As an alternate stage

Answer: D

NO.2 Given the following scenario for property insurance claims, which type of decision rule should be used to configure the decision?

After a property insurance claim has been filed, any claim that involves flood damage must be reviewed by a flood claim specialist before being sent to a claims adjuster. All other property insurance claims can be sent to the claims adjuster without this step.

- A. When
- B. Constraints
- C. Decision Table
- D. declare Expressions

Answer: B

NO.3 You are developing a car maintenance application for a car service center. Specific services are performed by different teams. Example services are oil changes, tire rotations, and windshield wiper inspections.

Which two configuration options perform the correct assignment routing? (Choose Two)

- A. Configure all assignments to route to the service manager who then assigns the tasks to the specific team.
- B. Configure routing to use business logic to assign tasks to the appropriate team using the type of service.
- C. Configure single level approval routing to a supervisor who assigns the task to the specific team.
- D. Configure routing to a skilled work group using the appropriate skill parameters for the selected service.

Answer: D

NO.4 In a purchase request case type, you have the following requirement: Purchase requests should automatically go to a manager of an employee.

To meet this requirement, you design a case with a_____.

- A. process that routes to the manager
- B. step that routes to the manager
- C. change stage step to allow the employee to route to the manager
- D. stage to route requests to the manager

Answer: B
